Subject – Download of the Aarogya Setu Mobile Application – Reg.

Sir,

As you all are aware, the Government has taken vigorous measures to contain the spread of the COVID-19 pandemic. One such important step is the development of the Aarogya Setu App to alert the user about the risk of the user to COVID-19 infection and is a vital step in our fight against the virus.

In such a scenario, it is appealed to all the HoDs of the organizations as mentioned above to request the following persons to download and use the Aarogya Setu Mobile App developed by the National Informatics Centre (NIC), a part of the Ministry of Electronics and Information Technology (MeiTy)-Govt. of India: by all the employees / staff(s)/ (part-time and regular) workforce / members / raw jute supplier(s) and all other visitor(s) to your workplace / godown / factory / office etc. of your respective organizations and who are having a smartphone. I would also request for a report on the number of downloads by persons associated with your respective organizations, indicating the number of active user(s) may be sent to this office. The first report may be sent on 20/04/2020 morning and the next reports may be sent within the next three days.

An early compliance is requested please.

Yours faithfully,

(Molo Chandan Chakraborty)
Jute Commissioner
