No. Jute (Stat)/ 7 / 86

Dated the 12<sup>th</sup> July 2016

To  
The CEO / President

ALL Jute Mills

Sir,

The new data format on production and productivity was introduced in September 2015. You will no doubt appreciate that data is required for analysis of the productivity and health of the jute sector. The reservation under the JPM Act is provided for support to the sector. I regret to bring to your notice the following relating to submission of data by individual mills:

- (i) Information is often not submitted within the due date, i.e. 10<sup>th</sup> of month following the month of the report. Even electricity bills, the last date of which has been extended to the last day of the succeeding month are not being submitted by the last day of the month.
- (ii) The formats are submitted but with incomplete data, e.g. some mills submitted other data but not the man power utilization data.
- (iii) Some mills are submitting data which is completely inconsistent.
- (iv) Some mills are submitting data in hard copy although we have informed that data may only be uploaded through online portal.

I would like to inform you that henceforth if complete and consistent data is not received through the on-line portal within the due date we shall not be in position to issue PCO to the

respective mill. In future, individual notice will not be issued. The list of mills who have defaulted on submission of data would be put up on our web-site ( [www.jutecomm.gov.in](http://www.jutecomm.gov.in) ) immediately after the due date.

This may kindly be taken **note** of.

Yours faithfully,

  
12/11/2016  
(Subrata Gupta)  
Jute Commissioner
